

Groups Visits

Bienvenidos a El Burrito Mercado!

We are pleased that you are interested in our business as a resource for education & a cultural experience.

Due to the increase in large group visits and based on your feedback and our experience, we've created the following guidelines. Of course, if this doesn't meet your needs, though we are limited on staff, we'll do our best to provide you a more customized experience, thank you! All groups please notify us prior to your visit!

For groups of less than 20 we can offer a welcome & brief overview. For groups larger than 20 it's too difficult to coordinate in our space. We do not allow more than 50 persons (especially minors) at one time. For groups of more than 20, we prefer half shop the mercado while half of group eat in El Cafe, then switch after 45min.

For all groups, respectfully, we request the visit not exceed 45min in the Restaurant and 45min in the mercado. (this is in consideration of other customers)

With all ages student groups, we ask that you please respect these guidelines:
*keep receipt with all paid merchandise preferably in bag, and not consumed in mercado.

*if you do eat packaged foods in the mercado, toss your trash in waste containers.

*do not handle artesanía gifts unless you are purchasing (you break it, you pay for it)

*any one caught stealing, we will enforce regular theft procedures & policies

*be respectful & considerate of employees & customers

* no running, no yelling
